

At The Center

Verse 1

At the center of my life
There is a person
Making me alive and true
He created everything
In everything he is supreme
Holding me together, too

Verse 2

At the center of my life
I will proclaim it
Telling everyone I know
And with all his energy
Working powerfully in me
This is what my heart will show

Chorus

Jesus, at the center of my life
Jesus, Hallelu
Jesus is the author of our faith
Jesus, at the center of my life

Verse 3

At the center of this life
There is a longing
More than some philosophy
For no matter how we try
These traditions only die
Leave us in our misery

Verse 4

At the center of my life
There is the knowledge
The mystery of Jesus Christ
How I'm living in his grace
And I'm strengthened in my faith

A treasure of the greatest price

Chorus

Jesus, at the center of my life
Jesus, Hallelu
Jesus is the author of our faith
Jesus, at the center of my life

Bridge

He created everything
He's the reason I sing
He's where I find my dignity
He's the peace that I need
Such a mystery
Power in me
Now I know
God is real!

Chorus

Jesus, at the center of my life
Jesus, Hallelu
Jesus is the author of our faith
Jesus
Jesus, at the center of my life
Jesus, Hallelu
Jesus is the author of our faith
Jesus, at the center of my life
