

Everybody Come Together

Everybody come together
Clap your hands,
Move your body
And dance to the beat.
Everybody come together
It's time to take the Word of the Lord
to the street.

The Lord resides
In the praises of his people
It's time to worship him
In spirit and in truth.
The Lord resides
In the praises of his people
It's time to worship him
In spirit and in truth.

It's time to stand
Against the forces of darkness
Shout to the Lord,
Sound the battle cry
It's time to stand
Against the forces of darkness
Shout to the Lord,

Sound the battle cry

Everybody come together

Clap your hands,

Move your body

And dance to the beat.

Everybody come together

It's time to take the Word of the Lord
to the street.

Run Devil Run

Run Devil Run

Run Devil Run,

We're the children of the living God!

Words and music by Kirk Ward
